

NEW product NEW

PRELIMINARY INFORMATION

PS-200 INTERCOM POWER SUPPLY UNIT

PRELIMINARY SPECIFICATIONS

Case will be 1U high x ¼ rack wide -110 mm- and about 150 mm deep. Rear panel includes an IEC connector w/fuse holder and a rocker mains switch. Front panel includes one XLR 3 male for CHA, one XLR 3 male for CHB, one XLR 5 male for A/B channels, one A/B link switch with led indicator and a BUZZer Kill switch with led indicator to allow the use in quiet shows as in theatres. A power ON led will be incorporated also on this front panel. Capacity will be the same as in our Master stations, say 50 beltpacks. Voltage operation will be world wide range. The A/B 5 pin XLR will ease the cabling of new dual beltpacks. The Buzz Kill is the same function as in Altair Master stations. Case finish is in rugged stainless steel.

Delivery of this new product is scheduled to next 2Q 2011.
